# NNT 2021

**NNT 2021, the 20th International Conference on Nanoimprint and Nanoprint Technologies will take place November 16-18, 2021 in Espoo Finland.**

The meeting will feature presentations on the latest developments in imprint and print technologies. The session topics include:

- Advancement in imprinting
- Printing towards nanoscale features
- Applications
- Emerging technology in industry

Researchers within and external to the nanoimprint and nanoprint community will focus on new and emerging areas with foreseen significant commercial and scientific impacts.
